Subject: Addresses for Letter on Bradford Island

Gary and John,

I am preparing the letter we discussed on our last Bradford Island FFA negotiation virtual meeting concerning ongoing work by USACE and a proposal for a pre-FFA consultation understanding. I plan to send you two and Richard this letter by email, but would like to include your full information in the addressees section of the letter. I can also send you a copy of the letter by mail if you want that as well. Could you please provide your office title and address for this letter? Both of your agencies have several offices and I don't want to guess and get it wrong. Thanks very much. I hope to have this letter out to this group by tomorrow.

Richard, I assume your address is the one provided in your email signature block. If that is not correct, please provide the address I should use in this letter. Thank you as well.
